INTRODUCTION

“Let's build together a new future of mobility & innovation”

World class engineers, ready to engineer your future.

We exist for a single purpose: facilitation.

We understand Vietnams beating heart. In a place that is changing every day, yet governed by age-old values, we are on the ground at the coalface of its evolving economy.

More than anywhere else, winning here depends on three things – network, knowledge and know how.

This synergy allows us to deliver you a single outcome:
Success.

INTRODUCTION

2018

VINSO Global Ltd. founded to drive the growth and innovation of Vietnam's automotive industry

2020

Collaboration with **Applus+ IDIADA** Spain to deliver comprehensive vehicle validation and homologation services for complete compliance and performance assurance

2022

Collaboration with the **Hanoi University of Science and Technology** (HUST) to empower localization to build a highly skilled, qualified, and dedicated team of top-tier engineers

2024

Strategic partnership with **NET Singapore**, united by a shared vision to establish a state-of-the-art automotive and electronic component testing laboratory in Vietnam

2019

Partnership and official representative of **imat-uve GmbH** in Vietnam to extend capacity and capability in the field of automotive testing on vehicle and component level

2021

Established Environmental Compliance and IMDS Division. Trainings & Consultant Partnership with **DXC Technologies**

2023

Collaboration with **Centre Testing International** (CTI) to expand our testing services with a dedicated focus on battery and electrical components

2025

Establishment of **VINSO Labs Limited** a testing laboratory for automotive & electronic components in Vietnam

WHAT WE DO?

Project Engineering

Driving ideas from concept to launch with precision planning, technical expertise, and seamless execution

Testing, Validation & Homologation

Ensuring safety, compliance, and peak performance for every vehicle

Environmental Compliance

Ensuring sustainable, regulatory-aligned products for a greener future

Supply Chain Management

For seamless operations and optimized performance

OUR SERVICES

Project Engineering

- ☐ Conceptual Design & CAD Engineering
- ☐ CAE Simulation Solutions
- ☐ Prototyping
- ☐ Component Test & Validation Engineering
- ☐ Project Management
- ☐ Project Engineer Supply

Environmental Compliance

- ☐ Global Market Compliance
- ☐ IMDS
- ☐ REACH, RoHS
- ☐ Conflict Mineral Reporting
- ☐ End-of-Life Vehicle Directive
- ☐ ESG Services

Supply Chain Management

- ☐ Local Sourcing in Vietnam
- ☐ Supplier Audits (VDA)
- ☐ Quality Control

Testing, Validation & Homologation

- ☐ eMobility Testing Solutions
- ☐ Test plan definition & testing (DVP-R)
- ☐ Automotive & Electronical System Components, Materials & Full Vehicle

OUR SERVICES

“Precise testing for maximum performance”

VINSO Labs Limited

- ❑ Environmental Testing
- ❑ Paint Testing & Inspection
- ❑ Mechanical Testing
- ❑ Electronical Testing
- ❑ IPX Testing

VINSO LABS LIMITED

Environmental Testing

- ☐ High Temperature Test
- ☐ Low Temperature Test
- ☐ Humidity Test
- ☐ Condensation Test
- ☐ Thermal Cycle Test
- ☐ Aging Test
- ☐ Pre-Condition Test
- ☐ Salt Spray Test
- ☐ Cycling Corrosion Test
- ☐ Weathering Test
- ☐ Dust Tightness Test
- ☐ Flammability Test

IPX Testing

- ☐ Water Tightness Test

Mechanical Testing

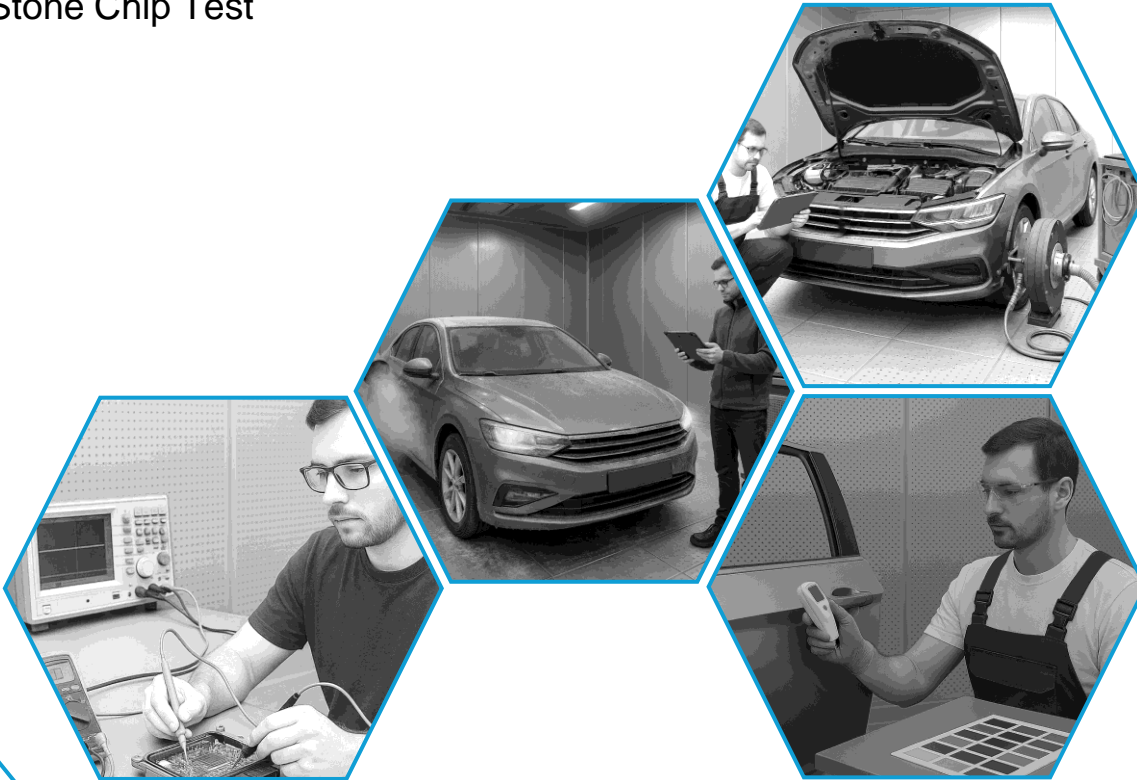

- ☐ Vibration Test
- ☐ Shock Test
- ☐ Tape / Glue Test
- ☐ Pulling Test
- ☐ Drop Test

Electronical Testing

- ☐ Voltage Drop
- ☐ Temperature Rise
- ☐ Leak Current
- ☐ Insulation Resistance
- ☐ Resistivity Resistance
- ☐ Signal Analysis Power

Paint Testing & Inspection

- ☐ Surface Check
- ☐ Painting / Coating
- ☐ Thickness
- ☐ Stone Chip Test

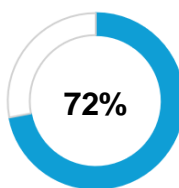

WHERE WE WORK?

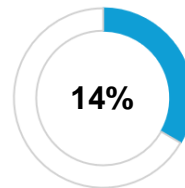

Vietnam is one of the fastest growing economies in Asia, with a rapidly expanding infrastructure base. Its transformation has been a catalyst for the return of many foreign educated professionals. This emerging dynamic now makes it possible to achieve top tier engineered solutions at unsurpassed economic value

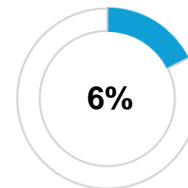

Strategic global partnerships drive our mission to deliver unmatched value and expertise. Through collaborations with industry leaders, we leverage diverse insights and advanced solutions to meet evolving client needs, achieve sustainable growth, and tackle global challenges together.

& Europe

Amerika

SPECIALIZATION & TECHNOLOGY

Product Development from concept to launch

REFERENCES & CASE STUDIES

VinFast – Vietnamese OEM

VinFast Auto Ltd. is a Vietnam-based multinational automotive company founded by Vingroup, one of the largest private conglomerates in Vietnam that was founded by Pham Nhat Vuong.

VinFast became the #1 car seller in all its competing segments within just 21 months of launching in Vietnam. As of August 2023, VinFast, with a market cap of \$189 billion, is the third most-valuable automaker on the market behind Tesla and Toyota.

For over 5 years, Vinso has worked in conjunction with the Vinfast team to help them achieve their goals of releasing electric vehicles at record time.

What specific services do we supply to VinFast?

- ☐ Project Management
- ☐ Engineering Experts & Teams (on-site at client premises) in CAD, Testing & Validation and Environmental Compliance
- ☐ Project Consultancy (Environmental Compliance Service Solutions & Test Standards)
- ☐ Training Services (IMDS & Market Regulations)
- ☐ Component Test Executions & Certification

REFERENCES & CASE STUDIES

Seojin – Korean Part Manufacturer (Automotive & Electronics) / Tier 1 Supplier

Seojin specializes in enclosures, focusing on metallic composition, design, and manufacturing. Through R&D and facility investments, Seojin ensures a vertically integrated manufacturing process. Their expertise spans telecom equipment, repeaters, mechanical products, LEDs, and more.

Seojin has opened their manufacturing in Vietnam in 2014.

For over 3 years, Vinso has worked in conjunction with the Seojin team to help them achieve their goals of supplying OEMs with validated parts & products on latest standards and innovations.

What specific services do we supply to Seojin?

- ☐ Project Management
- ☐ Project Consultancy (Test Specifications & Standards)
- ☐ Training (IMDS & Market Regulations)
- ☐ Product Development Consultancy
- ☐ Component Test Executions & Certification

OUR TEAM

Angelina Karlin, CEO Vinso Global Ltd

Bringing visionary leadership and deep expertise in automotive engineering. With a career spanning over 15 years in the global business operation, she has a proven track record of driving innovation, advancing technology, and delivering client-focused solutions. Passionate about shaping the future of mobility, with a commitment to excellence, sustainability, and cutting-edge engineering.

Bui Van Sang, Environmental Compliance Manager

Over 15 years of experience in regulatory standards and sustainable practices. With a strong background in the product development process, he ensures that each product meets the highest environmental standards & regulations according to the target market.

Trinh Van Trang, Testing & Validation Manager

With over 13 years of experience, he oversees the rigorous evaluation of products to ensure quality, safety, and performance. With extensive experience in automotive & electronic testing he leads a skilled team dedicated to upholding industry standards and advancing innovation.

Tran Van Hieu, Concept & Design Manager

Spearheading creative and technical innovation from initial concept to refined design. With over 12 years of experience and a strong background in automotive design, he leads a talented team focused on developing f solutions that align with market trends and client needs

CERTIFICATION & STANDARDS

“A Commitment to Quality and Consistency”

Enhanced Quality Assurance:

Our processes are aligned with international standards, ensuring our customers receive the best services.

Increased Efficiency: Streamlined operations lead to faster delivery and improved service.

Trust and Credibility: Our ISO certification demonstrates our dedication to maintaining the highest standards of quality and reliability

We are accredited in:

- ❑ **ISO 27001:2013**
- ❑ **ISO 9001:2015**
- ❑ **ISO 17025:2017**
- ❑ **TISAX**

OUR CLIENTS

We proudly partner with top-tier suppliers in the Automotive and Electronics Industries, from Tier 1 to Tier 3 and OEMs, delivering exceptional solutions that drive success and innovation.
